

Storm season looks like it may be over. Nothing significant last week and nothing projected next week. The snowpack is essentially gone and streamflow is declining.

*Note: Percentages in each plot refers to percent of average for this date. When historic data is unavailable, Snow Water Content Bar plot is not shown. The percent of historic average for each SWC location differs slightly from CDEC's report due to small discrepancies in historical data.

6-Day Forecast Precipitation (inches)
